

Balancing a seesaw

Where did you put the animals to make the seesaw balance?

Mark, in centimetres, the location of each animal.

Question: What changes will you need to make if the ball is no longer in the centre of the stick?

Guess:

.....

Now TEST it out!

Draw your new design!

Mark, in centimetres, the location of each animal.

Observe! What changed?

.....

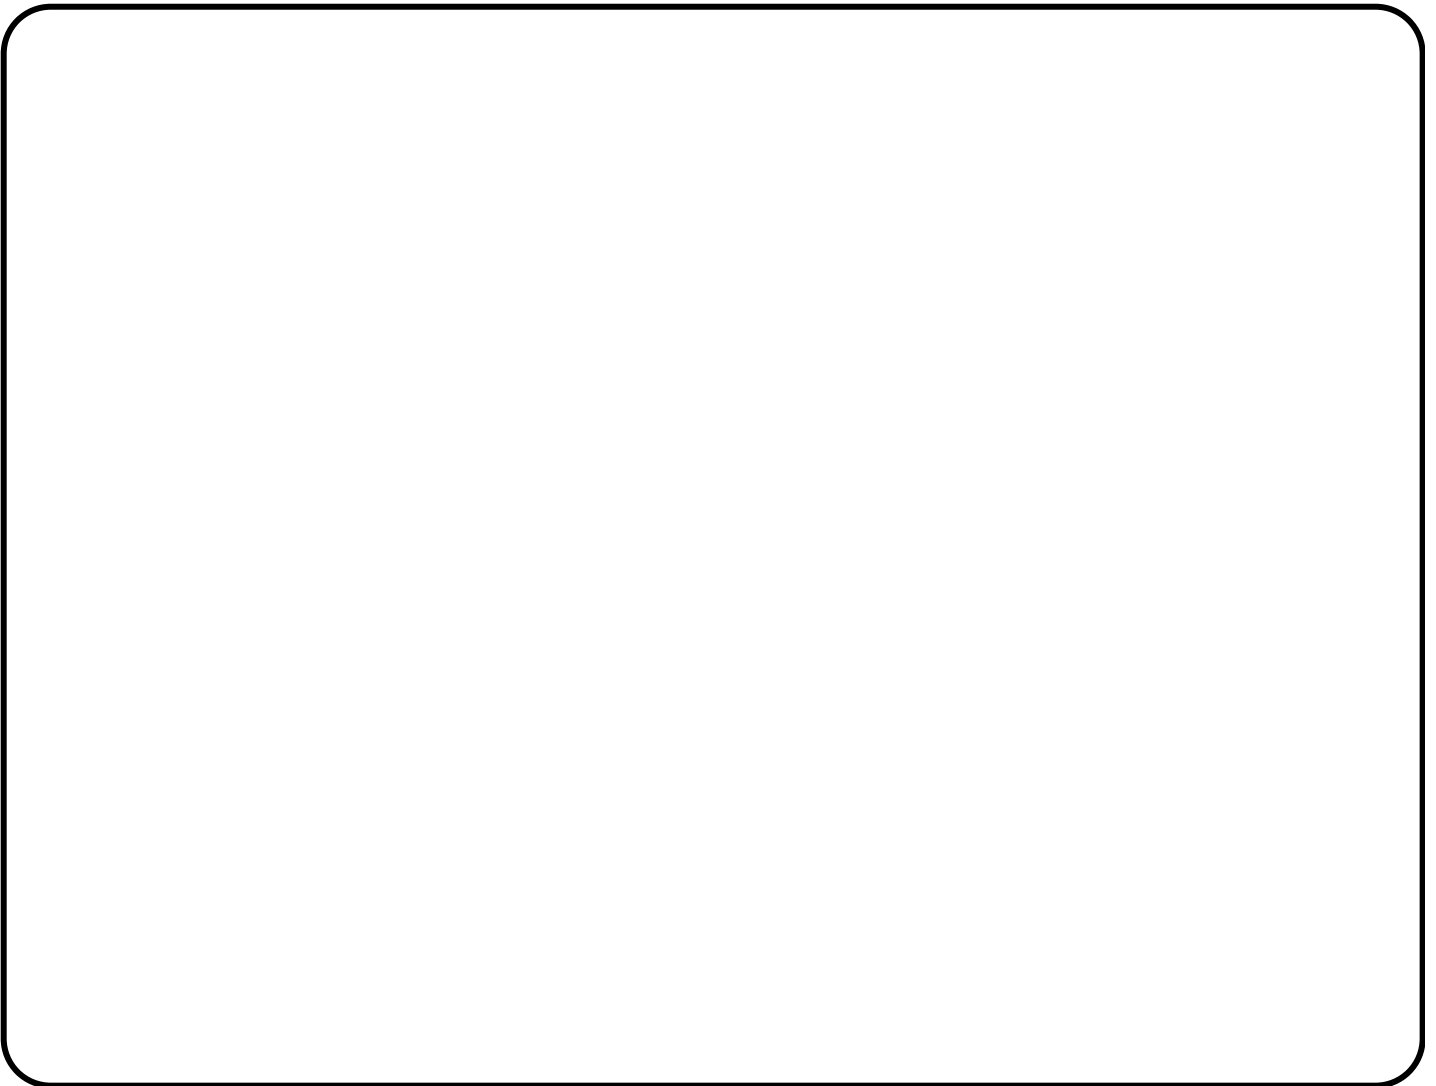

Make your own balancing artwork

Question:

Guess:

.....

Now TEST it out!

Observe! What is one thing you tried that worked and one thing that didn't work?

.....

.....
